FEMALE TACKLE FOOTBALL

SPRING 2027

Why play Female Tackle Football?

Offering girls-only tackle divisions fosters and develops opportunities for girls to play football with and against other girls. This division provides a unique opportunity for female youth to create long-lasting bonds and friendships within the new, but fast-growing female football world.

What is the Female Tackle Football Season?

Female Tackle Gameplay is Full-Field 6-a-side Football.
Club practices start from late February to early March (club dependent).
Games start mid-April and run until late May or early June.
Commitment: 1 game per week with 2-3 practices per week

Why do the Female Tackle Teams play 6-A-Side Football?

It is a fast and exciting alternative to traditional 12-a-side football that gives more opportunity for athletes to develop and be involved, as well as ensuring exposure to multiple positions in the game.

Does Female Tackle Football have Provincials?

Yes, Football Alberta hosts Provincial Games for both the U16 and U19 Divisions for Female Tackle Football. There are also Provinicial Teams available that compete nationally.

What Divisions are available for Female Tackle Football?
